Proud To Partner With Iconic And Forward-Thinking Brands.

Our clients trust us to deliver bold, immersive experiences that capture attention and elevate brand identity.

WHY US...?

Why Choose EdgeGlobal as Your Production Partner

At EdgeGlobal FZ LLC, we don't just build — we bring your brand to life.

As a global production powerhouse with a deep-rooted presence in New York, Dubai, Mumbai, and Shenzhen, we offer end-to-end solutions that blend creativity, craftsmanship, and operational excellence.

Here's why leading global brands choose EdgeGlobal:

Global Reach, Local Expertise

With teams and facilities strategically located across key markets, we provide seamless execution — from concept to completion — across continents. We understand local regulations, materials, and culture, ensuring on-ground excellence with international standards.

Proven Track Record with Iconic Brands

Our work speaks for itself. From luxury fashion houses to premium automotive and beauty brands, we've delivered standout environments for clients like Dior, Gucci, Vacheron Constantin, Mercedes-Benz, and more.

Integrated Design & Production

We streamline every step — design, engineering, fabrication, logistics, and installation — under one roof. This means better control, faster timelines, and higher consistency, all while staying on brand and on budget.

Precision. Detail. Craftsmanship.

We obsess over the small things. Whether it's a bespoke activation, a high-end pop-up, or permanent retail architecture, our in-house experts and production specialists ensure every element reflects your brand's integrity.

Agile & Scalable

From boutique experiences to multi-city rollouts, we scale to your needs without compromising quality. Deadlines are met, challenges are solved, and expectations are exceeded — every time.

EdgeGlobal is more than a vendor. We're a partner in building unforgettable brand experiences.

Let's bring your next idea to life — globally, flawlessly, and with impact.
